**FM 153 | La Grange TX | 11.27 acres**

This one will make you think you're in the mountains! After climbing over 80' in elevation, a plateau at the top is the perfect location for your weekend cabin or a permanent home. The acreage is filled with tall pines, oaks and other evergreens. A small pond greets you at the entrance. Close to La Grange and only 30 miles from Bastrop, it's easily accessed from the Houston-Austin corridor on Hwy 71. There is a wildlife exemption in place and rural water and electricity are available
